○ Meet with your High School Counselor

Your high school counselor and discuss your educational goals and high school requirements.

The high school will determine how many credits will be paid by the high school. The information will be listed on your Enrollment Verification Form (EVF).

This applies to all RS Students including home-school/private school students.

○ Submit an Enrollment Verification Form (EVF)

Each term student, parent/guardian must complete and sign the EVF. Students should complete the EVF early, prior to the payment deadline each term. Students must submit the completed EVF to the high school counselor for final approval.

Once the EVF has been approved by your high school counselor, the high school will submit your completed EVF to the college for final approval and college official signature.

Note: You must complete the EVF every term you register for classes, while in the Running Start Program.
