

**Community Education      Spring 2024**

## **Plant Walk: Spring Lily Celebration**

**Instructor:** Erin Harwood

**E-Mail:** [erin@plantmagicwitherin.com](mailto:erin@plantmagicwitherin.com)

### **Course Description:**

We will wander ~2.5 miles along Round Lake in Camas, on a seek and find mission for Lily Family plants, learn how to ID plants in this family, and to connect with nature and ourselves. Will climb into the lily fields above the lake, where you can learn a bit about camas lilies, as well as their partnership with other plants in the meadows. And then we'll have time to sit quietly and reflect on the spring season so far (that could be journaling, art, quiet circle time, etc.)

Now is a great time to pause and enjoy the lovely energy that spring is sharing - and revel in it before we arrive in summer.

Specific meeting site will be emailed to registered students the week of the walk.

### **Accessibility Info:**

Participants should be able to walk ~5 miles total, and handle some steeper trail sections. Sit down/kneel to look at and commune with plants - all for about 2 ½ hours.

We'll amble about 2.5 miles along the edge of the lake. There are small hills and two pretty steep spots (one is wide & gravel, the other is narrow & dirt with poison oak along the side).

Once we get to the lily fields, we'll stand for a bit while we chat and then find a spot to sit for our reflection + connection time.

### **Recommended clothing:**

- sturdy, firm soled shoes (ideally water resistant/proof)
- light layers
- rain coat and/or umbrella

**What to bring:**

- water bottle
- camera
- PNW plant ID book(s) if you have them
- notebook + writing utensil (optional)

**Class Evaluation:**

Class evaluations are sent by email. Sometimes the email will be delivered to your “junk mail,” but we can assure you it’s from Clark College only. Your responses are completely anonymous. If you do not see your evaluation immediately after class, look in your junk mail and send it to your email address. If you do not receive an evaluation, please email [Continuingeducation@clark.edu](mailto:Continuingeducation@clark.edu) or call 360.992.2939.

**Inclement Weather:**

If the College cancels due to icy conditions you can find this on the college website [www.clark.edu](http://www.clark.edu) ~ If Community Education concludes that the weather is too hazardous we may also decide to cancel this class. In that case you will receive both a phone call and email. Make certain that we have your correct contact information by viewing the class roster.
